Respected Sir/Madam,

As per the syllabus of course, theoretical and practical study of water and water purifier is essential. Industrial visits for the same are good medium to connect theory with practical. In this regard we would like to request you to arrange a study visit to the Super Aqua Services, Pune. Pune on 25th September 2023. There are about 06 students of Domestic RO Water Purifier course and they will be accompanied by 01 staff member.

It would be very kind of you to grant the required permission for above said visit. We will abide by all terms and conditions as per your instruction.

Thanking you in anticipation.

Seminar on “Become a Successful Chemical Engineer”

(24th November, 2022)

Seminar

Title : Become a Successful Chemical Engineer

Invited Speaker : Mr. Sameer Sathe

Date : 24th November, 2022.

Time : 10:30 AM

Venue : Room 333

Student Coordinator : Mr. Himanshu Lanke (SE Chemical Engineering)

Faculty Coordinator : Dr. M. Baingne

Faculty Advisor : Prof. P. M. Warke

Department of Chemical Engineering, AISSMS College of Engineering, Pune-01 organized a seminar on the topic “Career Opportunities for Chemical Engineers” on November 24, 2022. Mr. Sameer Sathe, a Chemical Engineering graduate and a certified Trainer by NABET & SQA, was the invited speaker for the seminar. He holds MBA in Marketing & is pursuing Ph.D. in Marketing. He is having rich hands on work experience of more than 30 years, which includes corporate work experience of more than 20 years. This event was managed by student Coordinator Mr. Himanshu Lanke under the supervision of Dr. M. Baingne, a faculty from Department of Chemical Engineering. The session started at 10:30 AM with the facilitation of speaker by Prof. P. M. Warke. Then Dr. M. Baingne introduced the speaker to the audience. The event lasted for more than an hour. Around 40 participants comprising of faculty members as well as students attended this talk.

The session commenced with the introduction of the speaker **Mr. Sameer Sathe** by Dr. M. Baingne. Then, Mr. Sameer Sathe started with his presentation by breaking the myth that the scope for chemical engineers is limited. The speaker gave an overview of various Career Opportunities available for Chemical Engineers and drew our attention towards the diversity of scope. The speaker took the audience (chemical engineers in the making) to a journey through different sectors and job profiles that are fit for chemical engineers. He highlighted that a particular career choice requires a specific set of skills. The speaker discussed in detail which skill sets are needed to be developed and worked upon for a specific job profile.

This informative session was accompanied by the doubt clearing session in which students actively participated to get their doubts cleared. The seminar ended with a vote of thanks by Dr. M. Baingne to Mr. Sameer Sathe. Special thanks were given to all the participants for attending this knowledge sharing event.

Activity Report

Workshop On Fabrication of Voltage Regulator

30 AUG 2022

Department of Electrical Engineering has organized a workshop on Fabrication of Buck converters in association with Institute of Engineers, India (IEI), Electrical Chapter on 30 AUG 2022,

Under guidance of,

Prof. P. Sankala

Prof. A. Apte

The Experts of the session were ,

Mr Mohan R Pare ,

Design & Development Engineer, R & D ,

Arthetec Innovative Solutions, Pune

The session has started with the brief description of the working and operation of buck converter by Mr Mohan and continued with the design of the converter to be fabricated. The basic circuit and the components selected was discussed. Once the discussion is done, a total of 7 groups were formed with 6 to 7 students in each group. Then we have started with the building of the circuit on PCB. The triggering pulses were given from an Arduino Uno controller for different values of frequency. The circuit is then tested for the results and troubleshoot incase needed.

RE: NEXUS INFOSEC L.L.C.

File Number: 803940359

It has been our pleasure to file the certificate of formation and issue the enclosed certificate of filing evidencing the existence of the newly created domestic limited liability company (llc).

Unless exempted, the entity formed is subject to state tax laws, including franchise tax laws. Shortly, the Comptroller of Public Accounts will be contacting the entity at its registered office for information that will assist the Comptroller in setting up the franchise tax account for the entity. Information about franchise tax, and contact information for the Comptroller's office, is available on their web site at <https://window.state.tx.us/taxinfo/franchise/index.html>.

The entity formed does not file annual reports with the Secretary of State. Documents will be filed with the Secretary of State if the entity needs to amend one of the provisions in its certificate of formation. It is important for the entity to continuously maintain a registered agent and office in Texas. Failure to maintain an agent or office or file a change to the information in Texas may result in the involuntary termination of the entity.

If we can be of further service at any time, please let us know.

Sincerely,

1. Roles and Responsibilities

The proposed roles and responsibilities of the parties in connection with this proposed collaboration and cooperation are described in **Attachment 1**

2. Termination

This MOU will **terminate 5 years from the date of signing** unless extended or terminated earlier on mutually agreed terms & conditions. If at any time any party wishes to withdraw from further evaluations and discussions in connection with the subject matter of this MOU and terminate this MOU, it may do so by providing the other party four weeks' written notice of its intention to withdraw from further evaluation and discussions. All discussions, proposals, term sheets, draft agreements, and other similar materials will be null and void if evaluations and discussions are terminated. This MOU can be extended upon the written agreement of both parties.

3. Confidentiality

The existence and substance of this MOU and the provision of services contemplated hereby will be kept confidential and will not be disclosed to any party hereto to any third party without the prior written consent of the other party hereto. Notwithstanding the foregoing, any party may make such public disclosure as it believes, on the advice of counsel, in which case such party will consult with the other party and gain such party's written approval prior to making such disclosure.

The parties acknowledge that the exchange of confidential information by **AISSMS's COE** and Nexus Infosec in connection with this MOU will be governed by the terms and conditions of that certain Agreement for Exchange of Confidential Information, attached hereto as **Attachment 2**.

4. Limitation of Liability

The parties agree that (i) the activities intended by this MOU may not be successfully completed; (ii) the results achieved may not be as anticipated; and (iii) these activities may not lead to any announced or generally available or limited offering. Any decision by any party to

Attachment 2

Agreement for Exchange of Confidential Information

Our mutual objective under this Agreement is to provide protection for confidential information (Information) while maintaining our ability to conduct our respective collaboration and cooperation activities. Each of us agrees that the following terms apply when one of us (Discloser) discloses Information to the other (Recipient).

1. Disclosure

Information will be disclosed either:

- 1) in writing;
- 2) by delivery of items;
- 3) by the initiation of access to Information, such as may be in a database; or
- 4) by oral or visual presentation.

Information should be marked with a restrictive legend of the Discloser. If Information is not marked with such legend or is disclosed orally, the Information will be identified as confidential at the time of disclosure.

2. Non-Compete Agreement

The discloser and the recipient agree to enter into a non-compete agreement pertaining to the cyber security education provided by Nexus Infosec. At its core, it will prevent any of **AISSMS's COE**'s current or former employees to initiate or conduct similar cyber security training as Nexus Infosec during and 5 years after this MOU expires. The non-compete will be offered to sign as an attachment to this MOU and will be a binding agreement between the two parties.

3. Non-Disclosure Agreement

India
Ph: +91-779-882-7001

The disclosure and the recipient agree to enter into a non-disclosure agreement pertaining to the methods and techniques used by Nexus Infosec in their training. The non-disclosure will be offered to sign as an attachment to this MOU and will be a binding agreement between the two parties.

4. Obligations

The Recipient agrees to

- 1) use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser's Information as it uses with its own similar information that it does not wish to disclose, publish or disseminate; and
- 2) use the Discloser's Information for the purpose for which it was disclosed or otherwise for the benefit of the Disclosure.

The Recipient may disclose Information to:

- 1) its employees who have a need to know, and employees of any legal entity that it controls, controls it, or with which it is under common control, who have a need to know
- 2) any other party with the Discloser's prior written consent.

Before disclosure to any of the above parties, the Recipient will have a written agreement with the party sufficient to require that party to treat Information in accordance with this Agreement. The Recipient may disclose Information to the extent required by law. However, the Recipient will give the Disclosure prompt notice to allow the Disclosure a reasonable opportunity to obtain a protective order.

5. Confidentiality Period

Information disclosed under this Agreement will be subject to this Agreement for the duration of termination of this MOU, which in this case is 05 years following the initial date of signing.

6. Exceptions to Obligations

The Recipient may disclose, publish, disseminate, and use Information that is:

- 1) already in its possession without obligation of confidentiality;
- 2) developed independently;
- 3) obtained from a source other than the Discloser without obligation of confidentiality;
- 4) publicly available when received, or subsequently becomes publicly available through no fault of the Recipient, or
- 5) disclosed by the Discloser to another without obligation of confidentiality.

The Recipient may use in its collaboration and cooperation activities the ideas, concepts, and know-how contained in the Discloser's Information, which are retained in the memories of the Recipient's employees who have had access to the Information under this Agreement.

7. Disclaimers

THE DISCLOSER PROVIDES INFORMATION WITHOUT WARRANTIES OF ANY KIND.

The Disclosure will not be liable for any damages arising out of the use of Information disclosed under this Agreement.

Interaction with Konecranes

Date: May 23, 2023

In view of One-faculty-one-industry drive initiated by Department of Mechanical Engineering, University Thesis Program 2023 is offered by Research and Innovation Support Team of Konecranes India. In this, students of Mechanical Engineering are working on the problem statements suggested by Konecranes. The statements are

1. Design replaceable collar, ring and bushing for crane wheels
2. Predictive maintenance of hoist brakes

The team of Konecranes visited Department of Mechanical Engineering on May 23, 2023 for the introductory session to explain the scope of the thesis program, roadmap, timeline and expected outcome. Following students are identified for the thesis program.

| Sr. No. | Problem statement | Name of assigned students |
|---------|--|---------------------------|
| 1 | Design Replaceable collar, ring & Bushing for crane/Trolley wheels | Shantanu Nalawade |
| | | Mohit Zope |
| | | Rutik Sukale |
| 2 | Design cost effective brake monitoring unit | Jay Palkar |
| | | Yash Chaudhari |
| | | Prasad Shingare |

Outcome of the activity

During the interaction, team of Konecranes and students agreed upon the acceptance of the problem statements and submission of names of students working on the topics. Also, students are invited for the factory visit at Jejuri in the first week of July 2023, after the End-sem examination. Students showcased few solutions to the problems. Konecranes will arrange an online meeting in the last week of May 2023.

To: AISSMSCOE Placements <placements@aiissmscoe.com>

Dear Sir/Ma'am,

I hope this email finds you in good health and high spirits. I am writing to invite you to a Training and Placement Officer (TPO) session with our HR team.

Our HR team will be conducting the session and sharing the necessary details. We would be grateful if you could attend this session and take advantage of the opportunities that we have to offer.

Please let us know if you have any questions or concerns regarding the session. We look forward to a productive and fruitful TPO session with your esteemed institution.

Thank you for your time and attention.

Best Regards,

Hatim Patrawala

Name of Event: Expert Talk on “Applications of Signals & Systems ”

Event Coordinator: Dr V V Deshmukh

Industry Coordinator: Mr. Harshal Bhavsar (Diligence Tech, Pune)

Participants : SE Electronics & Telecommunication Engineering Students

No. of Participants:

Department of E & TC Engineering had organized Expert Talk on 18th May 2023 on Wednesday on the topic “Applications of Signals & Systems”. Students have Signals & Systems subject in the curriculum having importance in telecommunication engineering. Various applications of Signals & Systems were discussed during the expert talk. Various companies associated with signal processing and their work in signals and systems were discussed. Many project ideas based on applications of signals and systems were introduced. Various signal processing domain with their applications in Digital processors, image processing, and speech processing, audio and video processing were discussed by expert Mr Harshal Bhavsar. Students actively participated in the talk and expressed their views and solutions to the real time signal processing problems given by expert.

Objectives:

The expert talk was arranged for following Objectives:

- To aware the students regarding various signal processing applications.
- To provide various innovative problem statements to carry out project work in signal processing domain.

Outcomes:

- Students were made aware about variety of innovative new project ideas in signal processing according to industry demands.

4. Sahyadri Engineers will arrange to provide periodic field visits to faculty and students of AISSMS COE to enable them to get practical exposure and learning from interaction with members of industry.
5. Sahyadri Engineers would offer summer internship to interested students of AISSMS COE at its factory/ project locations so that students get hands on experience of live projects. The number of students who can be considered for the internship would be as mutually decided between Industry and AISSMS COE every year.
6. Sahyadri Engineers may seek assistance/ guidance of AISSMS COE faculty members in technical problems, trouble shooting etc.
7. Sahyadri Engineers may showcase its business activities at the seminar or workshop or conference etc at AISSMS COE.
8. Sahyadri Engineers may avail library, internet, laboratory, workshop and computational facilities at AISSMS COE.
9. Sahyadri Engineers would help the students of AISSMS COE for project based learning by allowing to carryout PG/UG projects depending upon the nature of work as per rules of the respective institutes depending on facilities and requirement.

FINANCIAL ARRANGEMENTS

1. The collaborative program between AISSMS COE and Sahyadri Engineers shall be coordinated by a coordination committee appointed by Directors of both the Institutes.
2. Financial arrangements for each specific collaboration will be decided on a case-to-case basis and brought on record in each case after due approval from heads of both the Institutions.

INTELLECTUAL PROPERTY RIGHTS

Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MoU, shall be decided by the two parties by mutual consent.

Automation Anywhere Academic Alliance Agreement

This Academic Alliance Agreement("Agreement"), dated as of **November 08, 2022** (the "**Effective Date**"), is entered into by and between Automation Anywhere, Inc., a California corporation with offices at 633 River Oaks Parkway, San Jose, CA 95134U.S.A.(hereafter referred to as "**AAI**"), and AISSMS College of Engineering, Pune a Maharashtra/India Engineering College located at [1, Kennedy Road, Shivaji Nagar, Pune, Pin-411001 (hereafter referred to as "**University**"). University and AAI are hereafter collectively referred to as the "parties".

WHEREAS, AAI is offering the "Automation Anywhere Academic Alliance Program" (the "**Program**"), in which enrolled students of certain universities ("**Students**") may attend a university course (the "**Course**"), taught by a faculty member directly trained and certified by AAI as an AAI trainer ("**Faculty Trainer**") in a classroom enabled with AAI software as an AAI Center of Excellence.

WHEREAS, University is not seeking to prepare students for certification by AAI on Robotic Process Automation. Should University elect to include certification as part of its Course offering(s) in the future, the parties shall amend this Agreement in writing to incorporate terms governing certification;

WHEREAS, University desires to participate in the Program.

THEREFORE, for good and valuable consideration as set forth below, the parties agree as follows:

1. Definitions.

"**Center of Excellence**" or "**CoE**" means the setup of the Software on University equipment by AAI and provision of Documentation to enable the Faculty Trainer to instruct the Students in the Course.

"**Documentation**" means (a) the manuals, handbooks, and other written materials related to the Use of the Software, whether in hard copy or soft copy form, that are provided by AAI along with the Software, and (b) the training materials that the Faculty Trainer will use in instructing Students as part of the Course, as such Documentation may be updated by AAI from time to time.

"**Software**" means AAI's proprietary software in machine-readable, object code form only, the Documentation, and all modifications made thereto by AAI, and any updates or upgrades that AAI provides to University, in order for University to provide the Course under this Agreement.

"**Use**" means the installation, accessing, displaying, and operation of the AAI Software to automate business processes and tasks.

2. Roles and Responsibilities.

The parties agree to each undertake and fully perform during the Term the following obligations for the success of the Program, and, except as explicitly stated in Section 2.2, such obligations will be undertaken at the respective party's sole cost and expense:

2.1 *AAI Responsibilities.*

| |
|--|
| -Provide courses for University's faculty (at either University's premises or remotely); |
| -Provide e-learning access to those Students enrolled in the Course; |
| -Provide the Software under the license terms set forth in Section 3 of this Agreement; |
| -Work with the University to install the Software and provide Documentation; |

2.2 *University Responsibilities.*

| |
|--|
| - Avoid deceptive, misleading or unethical practices detrimental to AAI, its Software and services offerings, or to the public, including, without limitation, by refraining from making any representations or warranties to any third party with respect to the features or capabilities of any AAI products or services that are inconsistent with the materials distributed by AAI in connection with the Program. |
| -Subject to University's request for AAI on-site assistance and subject to University's prior written consent, reimburse AAI for reasonable costs of travel, accommodations, and incidental expenses, incurred by AAI representatives who assist on-site at University with setting up the CoE, on-site training of Faculty, and the like. |
| -Reporting: provide designated AAI contact with number of Students enrolled in each Course (Student names not required) and research uses. |
| Participate in Academic Alliance Faculty Training Program as set forth in <u>Annex A</u> |

3. Intellectual Property.

3.1 *Limited Software License.* Subject to the terms and conditions of this Agreement, AAI grants University a limited, non-exclusive, non-transferable, non-production license to Use the Software during the Term only for University's Use for the express purpose of providing the Course to Students in connection with Program. For clarity, University may not Use the Software for its own internal use.

3.2 *Restrictions.* The Software is licensed, not sold. Title to the Software and all associated intellectual property rights are retained by AAI and/or its suppliers. All rights in the Software not expressly granted hereunder are reserved. University shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the Software to human readable form. University shall not remove any copyright or other proprietary notices contained in the Software. University shall not cause or permit: (a) competitive analysis, benchmarking, or the Use, evaluation or viewing of the Software or Documentation for the purpose of designing, modifying, or otherwise creating any software program, or any portion thereof, that performs functions similar to the functions performed by the Software; or (b) any of the following: (i) copying (except as set forth herein), (ii) sublicensing, or (iii) providing access or other dissemination of the Software, in whole or in part, to any third party.

3.3 *Warranty Disclaimer.* AAI DISCLAIMS ALL WARRANTIES AS TO ANY MATTER WHATSOEVER, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT, AND THE

SOFTWARE IS PROVIDED "AS IS". TO THE EXTENT THE LAWS OF UNIVERSITY'S JURISDICTION DO NOT PERMIT SUCH DISCLAIMER WITH RESPECT TO THE SOFTWARE AS LICENSED HEREUNDER, AAI PROVIDES ONLY THE MINIMUM LAWFUL WARRANTY BEYOND THAT WARRANTY EXPRESSLY MADE ABOVE AND DISCLAIMS ALL WARRANTIES TO THE EXTENT PERMITTED BY APPLICABLE LAW.

3.4 *Publicity; Trademarks.*

3.4.1. At AAI's discretion, the parties may issue a joint press release in form and substance reasonably acceptable to each party as promptly as practicable following the Effective Date. Further, AAI may include University's name on list of schools participating in the Program in AAI promotional materials including but not limited to AAI's website.

3.4.2. This Agreement does not grant either party the right to use the other party's trademarks except as set out under this Section 3.4.2. Subject to the parties' respective trademark policies and style guidelines as either posted on the parties' respective websites or available upon the other party's request (which policies and guidelines may be amended from time to time in each respective trademark owner's sole discretion), and the terms and conditions of this Agreement, each party hereby grants to the other a non-exclusive, non-transferable, non-sublicensable, and world-wide license to use its respective trademarks, wherein AAI grants the foregoing mentioned rights to its marks as identified in AnnexB (the "**AAI Marks**") and wherein University grants the foregoing mentioned rights to its marks as identified in AnnexC (the "**University Marks**"), during the Term solely in connection with the promotion and advertising of the Courses and Program as more fully set forth in Sections 2.1 and 2.2 under this Agreement.

3.4.3. Each party shall have the right to inspect and approve prior to the other party's use any and all proposed usage of its Marks. Each party will not alter the other party's Marks in any way, nor will it incorporate, combine, or use the other party's Marks in any manner as part of, or in close proximity to, another company's name, product or service name, logo, slogan, or trademarks without obtaining the prior written approval of the other party.

3.4.4. Each party acknowledges and admits the validity and other party's ownership of all right, title and interest in and to the other party's Marks and all goodwill associated with the other party's Marks, and each party agrees that all use by it of the other party's Marks will inure to the other party's benefit.

4. **Confidentiality**

4.1 *Confidential Information.* "**Confidential Information**" means with respect to AAI information, the Documentation, Software, any results of any testing or analysis of the Software or Documentation by any party and any Feedback regarding the Course, and with respect to any party's information, all information that: (a) is marked as confidential or proprietary; (b) is disclosed verbally and identified as confidential or proprietary at the time of disclosure; or (c) by its nature is normally and reasonably considered confidential.

4.2 *Non-Disclosure and Restrictions on Use.* As a result of the relationship entered into by the parties under this Agreement, the parties acknowledge that they may from time to time require or

gain access to Confidential Information of the other party. The receiving party: (a) shall hold all Confidential Information in confidence; (b) shall use the Confidential Information only for the purposes expressly permitted herein; (c) shall reproduce the Confidential Information only to the extent necessary for such purpose; (d) shall restrict disclosure of the Confidential Information to its employees, consultants, agents and representatives with a valid need to know in connection with this Agreement and who are bound to protect the confidentiality of such Confidential Information (and shall advise such employees, agents and representatives of the obligations assumed herein); and (e) shall not disclose or cause to be disclosed the Confidential Information to any third party without prior written approval of the disclosing party, except as allowed under (d) above.

4.3 Confidentiality Exceptions. The foregoing confidentiality restrictions shall not apply to Confidential Information that: (a) is or becomes a part of the public domain through no wrongful act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the receiving party by a third party without restriction on disclosure; (d) is independently developed by the receiving party without reference to or reliance on the Confidential Information; or (e) that the disclosing party agrees in writing is free of such restrictions.

5. **Indemnity.**

5.1 Indemnification Obligation. Each party (the "*Indemnifying Party*") will defend the other party, and its employees, directors, agents, and representatives (collectively, the "*Indemnified Party*"), from any actual or threatened third-party claim to the extent that it arises from: (a) the Indemnifying Party's breach of its confidentiality obligations in Section 4; (b) any alleged infringement by the Indemnifying Party of any third party intellectual property rights; (c) the negligent acts, omissions, negligence or willful misconduct of the Indemnifying Party in the performance of its obligations pursuant to this Agreement; (d) the failure of the Indemnifying Party to comply with, and any liabilities arising under, any applicable law (each, a "*Claim*").

5.2 Indemnification Procedures. The parties' respective indemnification obligations above are conditioned on: (a) the Indemnified Party giving the Indemnifying Party prompt written notice of any Claim; (b) the Indemnifying Party having full and complete control over the defense and settlement of the Claim; (c) the Indemnified Party providing assistance in connection with the defense and settlement of the Claim as the Indemnifying Party may reasonably request, and (d) the Indemnified Party complying with any settlement or court order made in connection with the Claim. The Indemnifying Party will indemnify the Indemnified Party against: (i) all damages, costs, and attorneys' fees finally awarded against any of them by a court of competent jurisdiction in any Claim under this Section 5; (ii) all out-of-pocket costs (including reasonable attorneys' fees) reasonably incurred by any of them in connection with the defense of the Claim (other than attorneys' fees and costs incurred without the Indemnifying Party's consent after it has accepted the defense of such Claim); and (iii) if any Claim arising under this Section is settled by the Indemnifying Party or with its approval, then the Indemnifying Party will pay any amounts to any third party agreed to by the Indemnifying Party in settlement of any such Claims.

5.3 *Indemnification Limitations for Third Party Infringement Claims.* An Indemnifying Party will have no obligation under this Section 5 or otherwise solely to the extent the claim is based on: (i) any combination of the Indemnifying Party's technology, products, or services with technology, products or services not provided by the Indemnifying Party; (ii) use of Indemnifying Party's technology, products or services for a purpose or in a manner for which the technology, products or services were not designed; (iii) any modification to Indemnifying Party's technology, products or services made without Indemnifying Party's express written approval, (v) any modifications made to the technology, products or services by Indemnifying Party pursuant to the Indemnified Party's specific instructions, or (vii) any intellectual property right owned or licensed by the Indemnified Party.

5.4 THIS SECTION 5 STATES AN INDEMNIFIED PARTY'S SOLE AND EXCLUSIVE REMEDY AND THE INDEMNIFYING PARTY'S ENTIRE LIABILITY FOR ALL THIRD-PARTY CLAIMS.

6. Limitation of Liability

6.1 **NEITHER PARTY SHALL BE LIABLE FOR:** (A) ANY PUNITIVE, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING ANY COST OF PROCUREMENT OF SUBSTITUTE SOFTWARE, LOSS OF USE, DATA, BUSINESS, OR PROFITS), REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER THE LIABLE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; OR (B) AGGREGATE DAMAGES IN EXCESS OF FIFTY THOUSAND DOLLARS (USD \$50,000).

6.2 *Limitation of Liability Exclusions.* The limitations of liability set forth in Section 6.1 above do not apply to, and each party accepts liability to the other for: (a) damages related to claims that are the subject of indemnification under this Agreement, (b) claims based on either party's intentional breach of its obligations set forth in Section 4 (Confidentiality), and (c) either party's unauthorized use, distribution, or disclosure of the other party's intellectual property.

7. Term and Termination.

7.1 *Agreement Term.* This Agreement is effective as of the Effective Date for **three (3) year period** thereafter ("Term"). For clarity, the license granted to University in Section 3 will terminate immediately upon termination or expiration of the Term. Prior to the expiration of the Term, the parties may amend this Agreement to extend its term.

7.2 *Termination.* Notwithstanding the foregoing, this Agreement may be terminated (a) by AAI for any reason upon sixty (60) days' notice to University, and (b) either party immediately upon written notice if the other party materially breaches any of its obligations under this Agreement and fails to cure such breach within thirty (30) days following receipt of written notice.

7.3 *Effect of Termination.* Upon the effective date of termination of this Agreement: (a) University's license to the Software ceases, and University shall immediately remove all copies of the Software from all systems owned or controlled by University. Each party will securely destroy all copies of Confidential Information of the other party in its possession except as required to comply with any applicable legal or accounting record keeping requirement.

8. General.

8.1 *Export.* University agrees not to export, or allow the export or re-export of any Software, or of information regarding any Software in violation of any export laws, restrictions and regulations of the Department of Commerce or other United States or foreign agency or authority.

8.2 *Business Practices.* University will: (a) conduct its business (including, without limitation, performance of its obligations under this Agreement) in a manner that reflects favorably on the goodwill and reputation of AAI; and (b) avoid deceptive, misleading or unethical practices detrimental to AAI, its Software and services offerings, or the public, including, without limitation, by refraining from making any representations or warranties to any third party with respect to the features or capabilities of any AAI courses or training certifications, AAI products or services, that are inconsistent with the literature and documentation distributed by AAI.

8.3 *Anti-Corruption.* The parties each represent and warrant that neither it, nor any of its subsidiaries, nor any of their respective directors, officers, employees or agents have taken any action, directly or indirectly, that would constitute a violation, or implicate AAI in a violation, of any law of any jurisdiction in which it performs business, or of the United States of America, including without limitation, the Foreign Corrupt Practices Act of 1977, as amended ("FCPA"), and where applicable, any anti-bribery/corruption legislation ("Anti-Bribery Act") enacted by countries in which it is incorporated as an entity, including, but not limited to, the country or countries in which it is to perform under this Agreement (collectively, "Anti-corruption Laws"). University, and, to its knowledge, its affiliates have conducted their businesses in compliance with such Anti-corruption Laws and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

8.4 *Open-Source Software.* The AAI Software contains open source software ("OSS") that is subject to separate licenses. University agrees to comply with the applicable license terms for any such OSS. Neither the OSS nor its applicable license terms shall restrict University's use and enjoyment of the Software, or limit University's rights, benefits or remedies under this CAA. Any such OSS, and the notices, license terms and disclaimers applicable to such OSS shall be identified to University by email, website identification or a notice visible within the Software.

8.5 *Governing Law and Jurisdiction.* This Agreement and all matters relating to this Agreement shall be governed by, and construed in accordance with the following laws:

8.5.1. If the University is located outside of the United States, then any dispute arising out or in connection with this Agreement, including any question regarding its existence, validity, or termination, shall be referred to and finally resolved by arbitration under the LCIA Rules (the "Rules"), which Rules are deemed to be incorporated by reference into this clause. The number of arbitrators shall be three. The seat, or legal place, of arbitration, shall be London. The language to be used in the arbitral proceedings shall be English.

8.5.2. If University is located within the United States, then the governing law of this Agreement shall be the substantive law of California. Jurisdiction shall be of the State of California (without giving effect to the choice of law principles thereof). Any action based on

or arising out of this Agreement or the Services shall be brought and maintained exclusively in any state or federal court, in each case located in Santa Clara County.

The parties hereby expressly and irrevocably submit to the jurisdiction of the above-referenced courts for the purposes of any such action and expressly and irrevocably waives, to the fullest extent permitted by law, any objection which it may have or hereafter may have to the laying of venue of any such action brought in any such court and any claim that any such action has been brought in an inconvenient forum.

8.6 *Injunctive Relief.* The parties acknowledge that any breach of the confidentiality provisions or the unauthorized use of a party's intellectual property may result in serious and irreparable injury to the aggrieved party for which damages may not adequately compensate the aggrieved party. The parties agree, therefore, that, in addition to any other remedy that the aggrieved party may have, it shall be entitled to seek equitable injunctive relief without being required to post a bond or other surety or to prove either actual damages or that damages would be an inadequate remedy.

8.7 *Force Majeure.* A party is not liable under any Agreement for non-performance (other than failure to pay) caused by events or conditions beyond that party's reasonable control, if the party makes reasonable efforts to perform.

8.8 *Parties' Relationship.* The parties agree that this Agreement is non-exclusive, and no party will be prevented from entering into similar arrangements with other third parties. The parties are independent contractors of each other in the performance of the obligations of this Agreement. Notwithstanding the identification of "Partner" in this Agreement, neither party will be considered the legal partner of the other party in any respect, and nothing in this Agreement or in the performance hereof will create or imply any joint venture, franchisee-franchisor relationship, or principal-agent relationship between the parties. No party will have any right, power or authority to create any obligation, express or implied, on behalf of the other party.

8.9 *Binding Nature; Assignment.* This Agreement shall be binding on the respective parties thereto and their respective permitted successors and assigns; provided, however, that University shall not assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations to a third party without the prior written consent of AAI; any other attempted assignment shall be void.

8.10 *Notices.* Ordinary day-to-day operational communications may be conducted by email or telephone communications. Any other notice required by this Agreement shall be made in writing and given by (a) personal delivery, (b) prepaid, first class, certified mail, return receipt requested, (c) email (with a duplicate notice sent promptly by one of the other methods in this Section), or (d) courier service of recognized standing (with confirmation of receipt); in any case to the receiving party, "Attention: Legal" at its address set forth in the heading to this Agreement, or to a different address of which the addressee party has notified the other in accordance with this Section. Any notice given in conformance with this Section shall be effective upon actual delivery or refusal of delivery.

8.11 *Headings.* Section headings are included for convenience or reference only and are not intended to define or limit the scope of any provision of this Agreement and should not be used to construe or interpret this Agreement.

8.12 *Survival; Interpretation; Severability.* All provisions which are intended by their nature to survive, shall survive such performance, or the expiration or termination of this Agreement, including without limitation those relating to limitation of liability, and infringement indemnity. Each provision of this Agreement shall apply to the fullest extent of the law, whether in contract, statute, tort (such as *negligence*) or otherwise, notwithstanding the failure of the essential purpose of any remedy. If any provision of this Agreement shall for any reason be held illegal or unenforceable, such provision shall be deemed severable from the remaining provisions of this Agreement and shall in no way affect or impair the validity or enforceability of the remaining provisions of this Agreement, unless such omission would frustrate the intent of the parties, in which case this Agreement may be reformed to give effect to the other provisions hereof.

8.13 *Entire Agreement; Modification and Waiver.* This Agreement constitutes the entire understanding between the parties with respect to the subject matter hereof, and no other terms or conditions set forth in any other document provided by University shall be part of any this Agreement unless specifically accepted by AAI in writing. No modification of this Agreement will be binding unless in writing and signed by an authorized representative of each party. Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement. There are no third-party beneficiaries to this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be signed by duly authorized officers or representatives as of the Effective Date.

ANNEX A

Academic Alliance Faculty Training Program

A key component of the “Automation Anywhere Academic Alliance Program” is that AAI trains University faculty members to become Faculty Trainers. Only authorized Faculty Trainers may teach enrolled students (“*Students*”) in a classroom enabled with AAI software.

SCHEDULE/LOCATION: The Academic Alliance Faculty Training Program is structured under the Learning Subscription program held virtually, based on the open training calendar published on the Automation Anywhere University site.

FEES; INVOICES: The fee for the Faculty Training Program is **\$999USD for 1 faculty trainee.**

If the University wishes to have additional faculty participate in the Training Program or run any additional training services, additional fees may apply and must be mutually agreed in writing. AAI will invoice University and University shall pay such invoice within thirty (30) days of the date of invoice.

EXPENSES: In case of any travel/accommodation required to conduct any service, the University will arrange the same.

PREAMBLE

Whereas, The **AISSMS College of Engineering, Pune** is affiliated to the Savitribai Phule Pune University, Pune and approved by AICTE. It conducts undergraduate courses in various engineering disciplines of Chemical, Civil, Computer, Electrical, Electronics, Mechanical, Mechanical Sandwich and Production Sandwich and post graduate engineering courses in Chemical, Civil (Structure), Computer, Electrical (Power Electronics and Drives), Electronics and Telecommunication (Microwave) and Mechanical Engineering (Automotive and Design).

Whereas, Zen Solutions, Pune is a team of professional who are passionate about creating engineering landmarks. They undertake turnkey project of Office, Residence, Schools, Showrooms, Hospital, Warehouse and Public utility area etc. They provide automation solution to all manual process.

Whereas both the parties have decided to agree to establish industry – academic collaboration in the areas of mutual interest and in accordance with terms and conditions as set forth in this Memorandum of Understanding (MoU).

OBJECTIVES OF MOU

1. To promote Industry institute interaction.
2. To provide access to industrial environment for the students and faculty.
3. To promote any other appropriate mode of interaction agreed upon between industry and institute.
4. To accelerate technological growth with collaborative working in cutting edge research

Now, therefore this agreement is signed between the parties;

The AISSMS College of Engineering, 1, Kennedy Road, Pune - 411 001, Maharashtra (Hereinafter referred as AISSMS, COE, Pune)

And

Zen Solution. 6, Shirole Park, Senapati Bapat Marg Model colony, Pune Maharashtra 411016

Whereas, the following is agreed upon by both the parties

(A) SCOPE AND TERMS OF INTERACTION

The AISSMS, COE, Pune and Zen Solutions shall encourage interaction between the engineers, research fellows, faculty members and students through following arrangements

1. Zen Solutions would share their knowledge and expertise by way of joint conferences and seminars/workshops.
2. Zen Solutions would provide practical training to AISSMS, COE students at industry
3. Zen Solutions would facilitate periodic field visits to faculty and students of AISSMS COE to enable them to get practical exposure and learning from interaction with professionals.
4. Zen Solutions would offer summer/winter internship to interested students of AISSMS, COE at its factory/ project locations so that students get hands on experience of live projects. The number of students who can be considered for the internship would be as mutually decided by Zen Solutions every year.
5. Zen Solutions may showcase its business activities at the seminar or workshop or conference etc at AISSMS, COE.
6. Zen Solutions would help the students of AISSMS, COE for project based learning by allowing to carryout UG projects depending upon the nature of work as per rules of the respective institutes depending on facilities and requirements.
7. Zen Solutions & AISSMS, COE shall work jointly on certain technical problem faced by Zen Solutions.
8. AISSMS, COE shall nominate one or more faculty for each project given by Zen Solutions. The faculty shall closely monitor the progress of the project & shall closely monitor the program review meeting at the Industry twice a month.

(B) FINANCIAL ARRANGEMENTS

The collaborative program between AISSMS, COE and Zen Solutions shall be Academic & Industry related with no financial implications.

(C) INTELLECTUAL PROPERTY RIGHTS

Rights regarding publications, patents, royalty, ownership of software/design/product etc. developed under the scope of this MoU, shall be decided by both the parties by mutual consent, till then no party will have any kind of legal rights whatsoever on the publications, patents, royalty, ownership of software/design/product etc.

(D) CONFIDENTIALITY

The AISSMS, COE and the industry agree to hold in confidence all information/data which is obtained from either side or created during the

performance of the MoU and will not disclose the same to any third party without written consent of the other side.

(E) COORDINATORS

Both sides will designate one or two persons who will be responsible for overall coordination and implementation of this agreement.

(F) DURATION OF MOU

This MoU will come in force from the date of signing of the MoU by the representatives of both the parties. It will remain valid for a period of three years, and may be continued after suitable review and mutual agreement. Either party may terminate the MoU by giving written notice to other party three months in advance. Once terminated, neither AISSMS, COE nor Zen Solutions will be responsible for any losses, financial or otherwise, which the other party may suffer.

This MoU is signed on this day of 11/10/2022, by both the parties, subject to approval of the respective academic/administrative bodies.
